cape town south africa 7 sept 2016 8 sept 2016 theme sustainable economies in the information economy purpose to share the quality academic papers presented at the international conference on business and management dynamics icbmd held from 7 to 8 september 2016 at african pride crystal hotel and spa in cape town as grey literature the proceedings are the contributions made by researchers at the conference and are considered the written record of the work that was presented to fellow conference delegates methodology the methodology used varies from researcher to researcher but are suitable for the studies conducted thus on the one hand studies that were subjective in nature used the interpretive paradigm where the qualitative approach adopted made use of the interview method to collect data on the other hand studies that were objectively inclined adopted the positivist philosophy and used survey questionnaires to collect data however there were some academic papers which used mixed methodology because of the nature of the study whatever methodology used adhered to the ethos of the philosophies underpinning the methodology contribution made to scholarship the articles come from individual researchers and each article in the proceedings is unique mostly there is no general argument leading from one contribution to the next however it is interesting to note that in the area of economic performance it was evident that real exchange rate and net foreign direct investment contribute more towards innovations in economic growth with regard to human capital development papers presented evidence that there exists a definite need to explore the phenomenon of personal branding as limited scientific academic research has been done within the field of personal branding or on elements of the topic thus the outcome argues that personal branding has an influence on leadership style which in turn impacts on organisational performance and related hygiene factors furthermore it was demonstrated that current methods or strategies for enforcing institutionalisation of knowledge sharing within an organisation have not been successful and as such new strategies are needed to reinforce efforts to nurture and invigorate the institutionalisation of knowledge sharing within an organisation with regard to technology and big data impact on organisational performance it was evident that system performance memory consumption and cpu utilisation can be used as criteria to compare and evaluate big data technologies to improve organisational performance most of the articles contribution reemphasised technology education and training as a means of digitising business and improving effectiveness target audience the target readership is academic researchers and business leaders who require access to the latest developments in the fields of economics information management business education development studies social sciences and technology it is also for policymakers and other stakeholders who need a better understanding of the impact of new developments on existing policies and regulations for their review or amendment

in today s globalized world viable and reliable research is fundamental for the development of information innovative methods of research

have begun to shed light on notable issues and concerns that affect the advancement of knowledge within information science building on previous literature and exploring these new research techniques are necessary to understand the future of information and knowledge the handbook of research on connecting research methods for information science research is a collection of innovative research on the methods and application of study methods within library and information science while highlighting topics including data management philosophical foundations and quantitative methodology this book is ideally designed for librarians information science professionals policymakers advanced level students researchers and academicians seeking current research on transformative methods of research within information science

research methodology is as old as academia itself research methodology shifts in strategy as it crosses different disciplines and theories this too is true with the shifting landscape of research opportunities and technologies available to global researchers to achieve the most accurate and substantial research it is important to be knowledgeable of emerging research methodologies the research anthology on innovative research methodologies and utilization across multiple disciplines discusses the most recent global research innovations made across multiple fields this anthology further discusses how these research methodologies can be applied to a variety of specific fields covering topics such as creative thinking qualitative research and the research method landscape this book is essential for students and faculty of higher education scientists researchers sociologists computer scientists and academicians

this third edition of craig mertler s practical text helps readers every step of the way as they plan and execute their first educational research project offering balanced coverage of qualitative and quantitative methods an emphasis on ethics and a wealth of new examples and concrete applications the new edition continues to use conversational nontechnical language to help students clearly understand and apply research concepts principles procedures and terminology expanded coverage of foundations of research an increased focus on integrating qualitative and quantitative research and updated coverage of research questions and the tools of qualitative research bring the book thoroughly up to date while streamlined coverage of statistics shows students how to do quantitative analysis in a straightforward way

master s thesis from the year 2022 in the subject theology practical theology language english abstract the study was carried to assess the concept of church discipline and analyze how it is perceived establish reasons why church discipline is not handled well evaluate how church discipline leads to spiritual and numerical growth and develop the guidelines of administering church discipline in pentecostal church descriptive design qualitative and quantitative methods were employed and data collected using questionnaires and interviews

were analyzed using statistical package for the social scientists spss and nvivo 11 respectively church discipline has been abused opposed and even neglected among the pentecostal churches and this necessitated the study that sought to investigate the effects of church discipline on spiritual and numerical growth of pentecostal church in bukasakya sub county industrial city division mbale city the analysis showed a strong correlation between church discipline and the growth of the church as it was seen from data collection through bible sources books magazines articles websites and journals as it was used in discussing the topic therefore it was concluded that church discipline promotes the growth of the church the researcher recommended that pastors and church leaders be taught the meaning importance and purpose of church discipline and be guided to rightly carry out church discipline

for undergraduate or graduate courses that include planning conducting and evaluating research a do it yourself understand it yourself manual designed to help students understand the fundamental structure of research and the methodical process that leads to valid reliable results written in uncommonly engaging and elegant prose this text guides the reader step by step from the selection of a problem through the process of conducting authentic research to the preparation of a completed report with practical suggestions based on a solid theoretical framework and sound pedagogy suitable as the core text in any introductory research course or even for self instruction this text will show students two things 1 that quality research demands planning and design and 2 how their own research projects can be executed effectively and professionally
