this history deals with the twenty year period between 1880 and 1900 when virtually all of africa was seized and occupied by the imperial powers of europe

eurocentric points of view have dominated the study of this era but in this book one of africa s leading historians reinterprets the colonial experiences from the perspective of the colonized the johns hopkins symposia in comparative history are occasional volumes sponsored by the department of history at the johns hopkins university and the johns hopkins university press comprising original essays by leading scholars in the united states and other countries each volume considers from a comparative perspective an important topic of current historical interest the present volume is the fifteenth its preparation has been assisted by the james s schouler lecture fund

in this book one of the pioneers of twentieth century african history examines the perceptions and responses of africans to european colonialism of the late nineteenth and early twentieth century this edition of boahen s text originally published in 1989 is contextualized in a new foreword by john lonsdale updating some of boahen s findings and interpretations while maintaining that the best totally unambiguous legacy of this republication would surely be the inspiration of a new generation of african scholars locally based as clear minded and outspoken as adu boahen himself

this book analyzes how colonial history is depicted in post war textbooks worldwide from the mid 19th century to the 1960s 70s it uses an interdisciplinary approach to explore portrayals in former colonizer and colonized countries focusing on collective memory popular culture and academic knowledge

an exploration of the rapid development of african christianity offering an analysis and interpretation of its movements and issues

essay from the year 2020 in the subject history miscellaneous grade 5 0 course history language english abstract this essay discusses the ways in which the second world war contributed to the rise of african nationalism in east africa the second world war greatly contributed to the wide spread of nationalism in east africa that subsequently led to the decolonisation of east africa from the 1960s according to boahen african nationalism is a subjective feeling of kinship or affinity shared by people of african descent oliver and atmore have also noted that african nationalism was greatly influenced by the second world war fought from 1939 to 1945 in which african men were involved the war exposed those africans to different ideologies culture and beliefs that enlightened them and thereby influencing african nationalism consequently many african countries became decolonized

this book is an intellectual history of colonialism in africa the book focuses on ideas espoused by historians and creative writers on various aspects of colonial rule the sources of the ideas the vision of a post colonial society that they created and a

critique of those ideas some essays focus on the works of notable scholars such as Ruth First and Adebajo while some chapters review themes of broad historiographical significance in the first part of the book eight scholars provide various examinations of the context to understand the colonial period with emphasis on the historical linkages between the colonial era and the post colonial nationalism pan africanism new identities and new agencies of control the second part analyzes a number of key literary texts drawing from the writings on apartheid in south africa the works of Ngũgĩ wa Thiong'o, Micere Mugo and V.Y. Mudimbe in the third part seven essays examine the ideas of Kenneth Dike, Bettelheim Ogot, Adu Boahen, Ruth First, Adebajo, Cheikh Anta Diop and Robert Mugabe in all the book moves us in new directions in the study of colonial africa it provides the basis to understand the views of leading african scholars and offers fresh insights on the nature of colonial power and the african encounter with imperialism well crafted summing up recommended choice magazine 2005 Toyin Falola has created a most remarkable and illuminating volume this is intellectual history of colonialism in africa at its very best it is informative powerful prophetic and perhaps most striking of all lyric altogether falola has produced a brilliant and timely volume which will contribute greatly to a much improved understanding of africa's encounter with colonialism viewed from the inside out arguably more important it will serve to point the new generation of students of africa and most importantly african students in the directions from which restoration and change must come journal of african history editor of the recently published five volume africa series from carolina academic press two volumes of which directly consider colonialism falola has produced a separate work here using new scholarship that takes this difficult topic in challenging directions african studies review

includes proceedings of the executive council and list of members also section review of books

along with africa volume 1 and volume 2 volume 3 colonial africa 1885-1939 adopts a new perspective on african history and culture surveying the wide array of societies and states that have existed on the african continent and introducing readers to the diversity of african experiences and cultural expressions toyin falola has brought together african studies professors from a variety of schools and settings writing from their individual areas of expertise these authors work together to break general stereotypes about africa focusing instead on the substantive issues of the african past from an african perspective volume 1 african history before 1885 introduces students to the various precolonial histories of africa volume 2 african cultures and societies before 1885 provides a broad view of precolonial experiences and expressions in africa volume 3 colonial africa 1885-1939 details the experiences

and ramifications of the colonization process throughout the african continent many different aspects are discussed including the changes in political and economic systems and impacts on education religion and the environment also included are detailed regional histories of various geographical areas the texts are richly illustrated and include maps to make cultural and historical movements clearer as well as suggestions for further reading that will help readers broaden their own particular interests africa provides new perspectives that challenge the accepted ways of studying africa flexibility for instructors to structure courses and encouragement for readers who are eager to learn about the diversity of the african experience

overview of the themes questions and methods that are central to current research on the history of the nineteenth and twentieth century humanities taking readers through the field s core definitions its practical applications and engagement with sociopolitical events page 4 of cover

this introductory survey provides a rich understanding of the african experience which until recently either had been omitted from the curriculum of institutions of higher learning or was distorted in written and oral literature the book identifies the post world war ii civil rights movement in america and the independence revolution in africa as the most decisive forces that generated interest in the study of the african black experience includes four theoretical models for interpreting the black experience the author discusses the place and role of africa in the development of human civilization focusing on africa s nile valley civilizations and western sudanic empires it probes aspects of traditional african culture including the family traditional political institutions and religion and analyzes the impact on africa and its peoples of such historical traumas as slavery colonialism and decolonization

provides students and researchers with a much needed comprehensive resource on the subject of colonialism and expansion from a global perspective the set traces many facets of colonial growth and imperialism and much more

this wide ranging text describes various responses by west africans to imperialist domination including political military cultural economic and literary among the topics are political protests throughout the 20th century violent resistance during the 19th and 20th centuries the history of portuguese imperialism in the area and the works of literary figures that include chinua achebe and leopold sedar senghor though not clearly stated it appears that ohaegbulam teaches at the u of south florida in tampa annotation copyrighted by book news inc portland or

this multivolume encyclopedia includes articles on countries regions and ethnic

groups themes involving social history demography family life politics economics religion thought education science and technology and culture and events such as major wars

osterhammel s book represents a new approach to the subject the concise but sweeping study encompasses the process of colonization and decolonization from the early modern period to the twentieth century virtually all other studies to date have looked at strategies of colonial conquest exploitation and rule from the imperial point of view osterhammel shows that the colonial situation developed in ways that duplicated neither the metropolis nor the pre colonial society but instead blended these and added a new direction characteristic only of colonial realms he emphasizes that the europeans were normally not considered dangerous invaders by local populations until they threatened the traditional cultures with missionaries european schools and bureaucracy
